

SOLAR BALUSTRADE

# Solar Balustrade – Horizontal

Classic look with refined details. The balustrade slats are arranged horizontally, parallel to each other, and attached to the fence posts.

Height	1600mm
Width	10 mm
Material	Conical glass on an aluminum frame
Module efficiency	90W
CONNECTIONS	MC4

# Solar Balustrade – Discreet

This balustrade design offers a high level of privacy and security. The absence of gaps or spaces between the slats makes it difficult to see through the fence, making it an ideal choice for those seeking privacy.

Height	1600mm
Width	10 mm
Material	Conical glass on an aluminum frame
Module efficiency	160W
CONNECTIONS	MC4
